### **City of Wilmington**

1165 S. Water Street Wilmington, IL Phone: 815-476-2175 www.wilmington-il.com

May 3, 2022

Dear Mayor, City Council Members and Residents of Wilmington,

I am pleased to present to you the Fiscal Year 2022-2023 (FY23) Budget for the City of Wilmington, Illinois. This Budget is submitted in accordance with the adopted budget and financial policies of the City and the laws of the State of Illinois.

The sources and uses of the budget total \$18,981,072 in revenues and \$19,477,736 in expenditures; the excess expenditures are covered by our fund balance and are attributed to water and sewer infrastructure projects. This is a slight decrease to the FY22 adopted expenditure budget total of \$19,846,830.

Staff is dedicated to maintaining a healthy financial accounting system. The first step in achieving this goal is a transparent and considerate budget process. This is a highly collaborative process involving supervisory personnel in all departments presenting revenue and expenditure assumptions to the City Administrator and Finance Director for the upcoming budget year. The budget year for the City of Wilmington (also known as the Fiscal Year) begins May 1st and ends April 30th of every year.

The draft budget was presented to the City Council through a series of workshops on April 5, 2022 and April 12, 2022. The public was invited to attend the workshops and make comment on the presented draft budget. A final budget document and Appropriations Ordinance is presented to the City Council for adoption this evening. The budget document (sometimes referred to as the managerial budget), is used to track revenues and expenditures throughout the year. A mid-year review and amendment is approved annually if warranted.

The primary focus of this year's budget is on creating plans for addressing deferred maintenance and prioritizing goals and objectives for the next three budget cycles. To that end, in the next few months, you can expect to see a dedicated 5-year Capital Improvement Plan addressing the City's aging infrastructure as well as beautification projects that build upon the foundation of this historically significant city.

Please note the format for this year's budget is different from prior years' presentations. Staff has included narratives highlighting significant budget items in each of the fund categories to provide additional clarity and insight for Wilmington residents.

I would like to pay special thanks to Finance Director Matt Hoffman for the time and care he took in creating this presentation.

Sincerely,

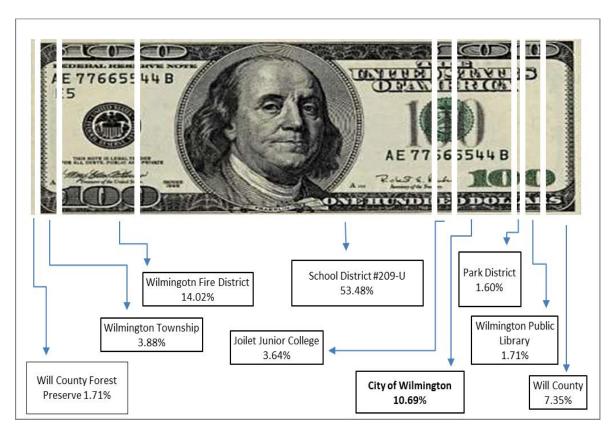

Jeannine Smith, City Administrator

#### GENERAL FUND REVENUES (01)

The General Fund is the largest fund of the City and accounts for most of the expenditures traditionally associated with local government, including: *Administration, Buildings & Grounds, Police, Public Works, Building, Planning & Zoning, and General Liability.* Each department is responsible for specific governmental functions. The primary sources of revenue for departments within the General Fund include four (4) categories:

- Property Taxes
- Intergovernmental Revenues (i.e., State Income Tax)
- Sales Tax
- Utility taxes/fees/fines/other

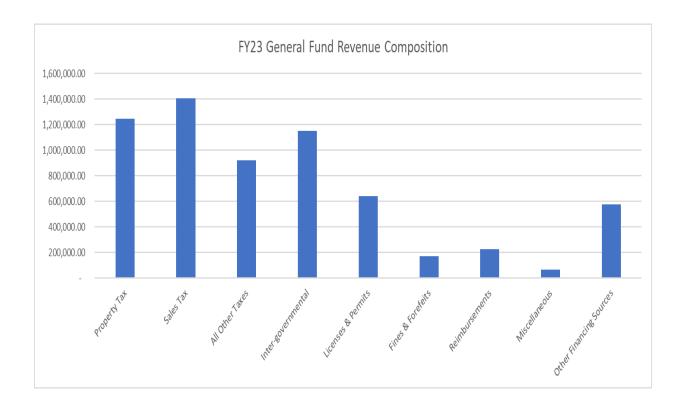

Property taxes represent approximately 21.43% of General Fund revenues. For FY 2022-23 (based on the 2021 levy), \$1,248,265 in property tax revenue is budgeted to be received in the General Fund from various individual levies to support general city services. The Chart below gives a breakdown of where your Will County property tax dollars go by taxing district.

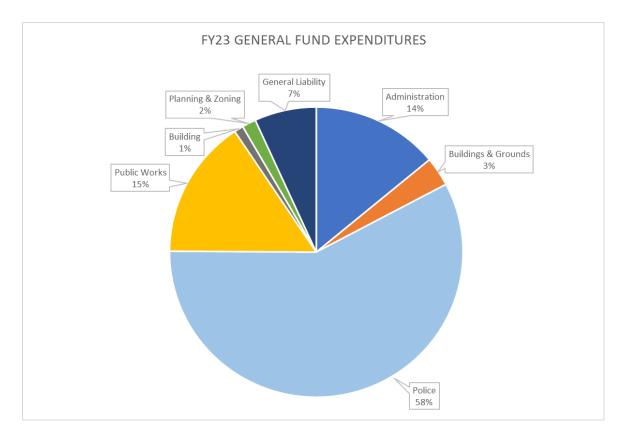

Sales tax revenue far exceeded expectations in FY 2022. Changes in online sales tax sourcing rules, the general increase in applicable online sales to sales tax obligations, and the residents sustained support of local business caused average year-over-year increases in the 25%-30% range. Despite seeing double digit growth, starting in FY 2023 we revert to a more historically appropriate growth rate assumption.

This year's income taxes have greatly exceeded expectations due to a combination of favorable outcomes to municipalities, the general strength of the state economy, and higher than expected individual tax payments. Intergovernmental revenue represents approximately 17.68% of General Fund revenues. IML forecasted \$132 per capita in their income tax estimates for FY 2023. There appears to be optimism that the state will consider increasing the LGDF share for municipalities in this 2022 Spring legislative session to 8% from it's current share of 6%. For budgeting purposes, we assume a conservative 3% annual growth and no related income tax increase from increased LGDF percentages.

Utility tax represents the City's locally imposed tax on electricity usage, natural gas usage, and landline & cell phone usage. Of note, telecommunication taxes only apply to the phone portion of a cell phone bill, not the data portion. Overweight truck permit revenue increased fivefold over FY 2022 budget projections, owing to the City's engagement of engineering firm, Willett Hofmann to accurately assess the cost of allowing excessively heavy shipments passage on city owned thoroughfares. Although not done in the FY 2023 budget cycle, transfer of these funds to the Capital Projects Fund should be considered in the future, economic conditions permitting.

#### GENERAL FUND EXPENDITURES (01)

Following is a summary of important line items to note for each of the specific departments that will be reviewed at the Budget Workshop #1.

#### ADMINISTRATION (01-01)

- Personnel Services (multiple #'s) Overall decrease year over year of 14% due largely to departmental reorganization during FY 2022
  - i. We are proposing a 7.5% COLA and appropriate step increases for all non-union employees in-line with CPI which is currently hovering around the 7.5% mark. We have budgeted for reasonable, but undetermined, salary increases in FY 2023 through FY 2027. As spelled out in the AFSCME union contract a COLA increase of 2.5% was budgeted for administrative staff.
- Police Commission Expense (01-01-7951) Overall increase year over year of 128%
  - i. Testing and associated costs for an estimated 10 candidates in FY 2023. 8 candidates are slated for testing in FY 2024 through FY 2027.
- Sales Tax Credit (01-01-7951) Eliminated from future budgets

i. This line item represents the 50% share of rebated sales tax to developers, pursuant to past redevelopment agreements entered into with the City. Beginning in FY 2022 it is now netted against the developer reimbursement revenue line item (01-00-4874) associated with TIF area police services.

#### BUILDINGS & GROUNDS (01-02)

- Contractual Services (multiple #'s)
  - i. These line items reflect services used by the City in the maintenance of it's buildings and grounds. They include \$50,000 for lawncare throughout the city, \$22,000 in janitorial services, and \$10,000 in tree removal services.
  - ii. We have also budgeted \$15,000 for the removal and replacement of flooring in the Council Chamber and Mayor's office in City Hall. \$20,000 for the replacement of flooring in the central corridor, kitchen, and public restrooms. \$46,000 has been allocated towards City Hall improvements that will make it ADA compliant.

#### POLICE (01-03)

- Personnel Services (multiple #'s) Overall increase year over year of 12%
  - i. In light of the ongoing negotiations between Metropolitan Alliance of Police (MAP) and the City we have budgeted for reasonable, but undetermined, salary increases in FY 2024 through FY 2027.
  - ii. Increase due to 2 additional full-time officers, and 4 part-time officers budgeted.
- Equipment Purchase (01-03-7321)
  - i. Potential Body Camera purchase still under review. Grant funding may be available. Incoming Police Chief will advise in the near future.

#### PUBLIC WORKS (01-05)

- Personnel Services (multiple #'s) Overall increase year over year of 23%
  - i. Approximately 80% of the increase is due to a budgeted new hire and recent addition of a Public Works Director. His time will be allocated equally among Water/Sewer/Public Works.
- Street Light Electricity (01-05-6740) 29% decrease compared to last year
  - i. LED street light conversion program has resulted in a cost savings.
- Transfers to Other Funds (01-05-8020)
  - i. The FY 2023 proposal includes \$60,000 for a tool van and \$47,000 for a Ventrac tractor & attachments for sidewalk and bridge snow removal. The cost of these items has been transferred to the Mobile Equipment Fund for tracking purposes.

#### **BUILDING** (01-13)

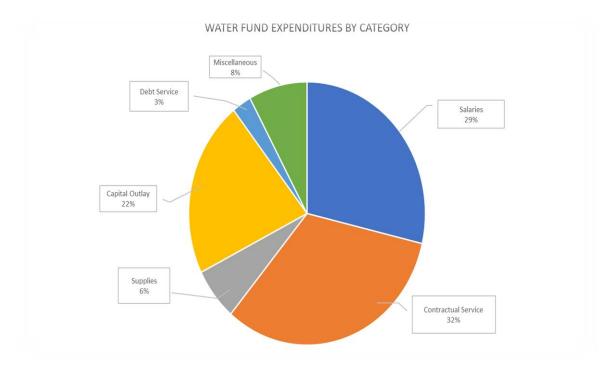

- Building Permit Fees (multiple #'s)
  - i. Revenue figures within this line-item are budgeted at \$614,000 in FY 2023. Continuing development in the City's TIF district resulted in Permit Revenue far higher than what was budgeted in Fiscal Years 2021 and 2022. Additional construction is expected in FY 2023. Development in FY 2024 through 2027 is unknown at this time; as such, a historically normal revenue projection was used.

  - i. This line item represents the transfer amount to the Capital Projects Fund for revenue above and beyond the operational needs of the Building Department.

#### WATER FUND (02)

The Water Fund accounts for the revenue and expenditures, both operating and capital, associated with the provision of water service to residents and businesses in the City. The Water Department works to maintain and improve water service infrastructure while planning for future water demand.

The City's current garbage contract with Homewood Disposal runs through FY 2026.

#### MOTOR FUEL TAX FUND (06)

The Motor Fuel Tax (MFT) Fund accounts for the City's per capita share of motor fuel taxes distributed by the state. The State collects a tax of 19 cents per gallon on gasoline and 21.5 cents per gallon on diesel fuel. To all municipalities a portion of this tax is then allocated on a per capita basis. Effective in 2019 the City began receiving additional MFT allotments from new taxes enacted by the State through the Transportation Renewal Fund. In the beginning of 2020, the State also began to distribute Rebuild Illinois Funds.

Motor Fuel Tax expenditures are restricted to programs identified by the State. All MFT expenditures are appropriated through resolution by the City Council and approved by the Illinois Department of Transportation. Rebuild Illinois Funds have a greater restriction on them then regular MFT funds, as improvements must meet certain useful life criteria.

The City funds several street maintenance programs through this fund. Some of these programs funded include crack filling/routing, road salt, and the biannual road improvement program.

Chamlin & Associates are undertaking a city-wide street condition study which will be included in our proposed Capital Improvement Program. The information obtained from this study will help us plan for our future road improve projects.

Due to the rising costs of asphalt, there are no road improvement projects being considered at this time.

#### **REVENUE**

- MFT State Allotments (06-00-4120)
  - i. The FY 2023 revenue figures reflect the City's share of the state's motor fuel at \$23.50 per capita (IML estimate) and our certified population of 5,664. In subsequent years, we anticipate the amount of the tax will increase by an inflationary factor each year.
- Transportation Renewal (06-00-4121)
  - i. When the state increased motor fuel taxes as part of the 2019 capital plan, they chose to break out a portion of the increase and distribute it to several transit agencies for transportation purposes. The remainder of the tax was pegged to inflation and distributed to municipalities on a per capita basis. The FY 2023 figure represents a \$17.70 per capita distribution.

- Rebuild Illinois Bond (06-00-4122)
  - i. The state issued new capital bonds in 2020 to fund a number of projects including, but not limited to bondable projects in municipalities. Wilmington's allocation was slightly more than \$377,000. The remaining distributions of these revenues will be received in FY 2023.
