## Independent Auditors' Report

To the Honorable Mayor and Board of Commissioners City of Wilmington, Illinois

We have audited the accompanying financial statements of the City of Wilmington, Illinois, as of and for the year ended April 30, 2013, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the modified cash basis of accounting described in Note 1; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to error or fraud.

## Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wilmington, Illinois, as of April 30, 2013, and the respective changes in financial position, thereof for the year then ended in accordance with the basis of accounting as described in Note 1.

#### **Basis of Accounting**

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The governmental activities, each major fund, and the aggregate remaining fund information are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter. The business-type activities are presented in accordance with accounting principles generally accepted in the United States of America.

## Disclaimer of Opinion on Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Wilmington, Illinois' basic financial statements. The management's discussion and analysis and budgetary comparison information on pages 3-9 and 41-46, which are the responsibility of management, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Wilmington, Illinois' basic financial statements. The introductory section, schedule of expenditures of federal awards, combining and individual non-major fund financial statements, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

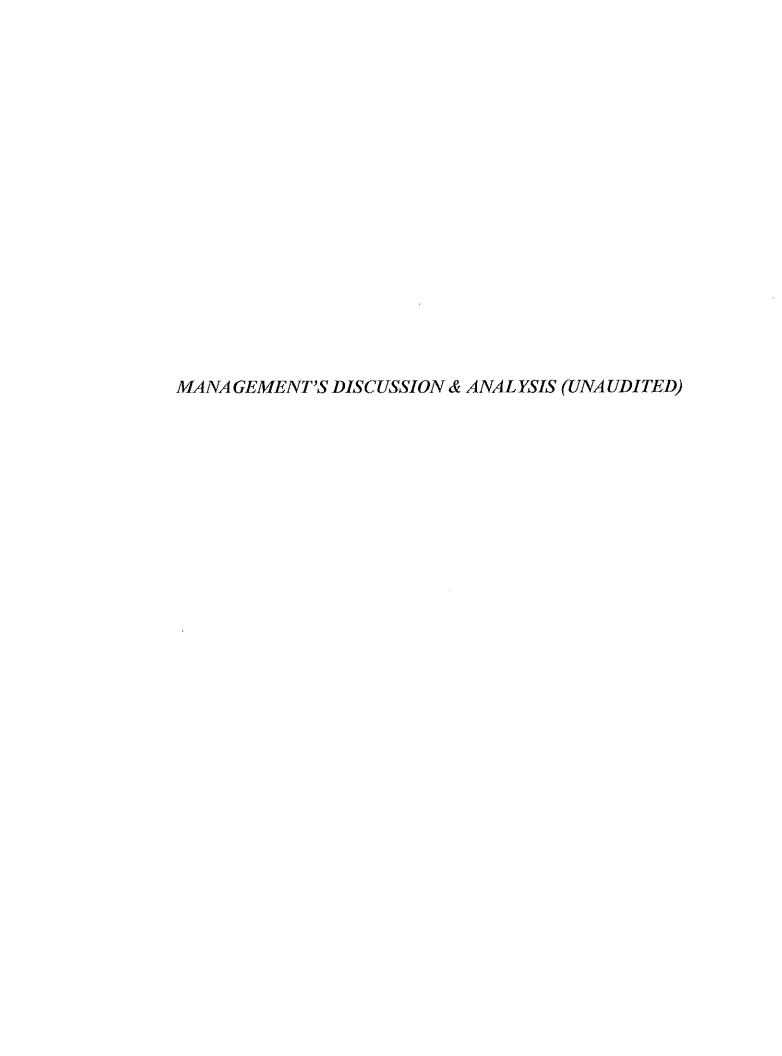

The schedule of expenditures of federal awards and combining and individual non-major fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards and combining and individual non-major fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Management's Discussion and Analysis - Unaudited For the Year Ended April 30, 2013

As management of the City of Wilmington, we offer readers of the City of Wilmington's financial statements this narrative overview and analysis of the financial activities of the City of Wilmington for the fiscal year ended April 30, 2013. We encourage readers to consider the information presented here in conjunction with the Independent Auditors' Report and the City's audited financial statements.

### FINANCIAL HIGHLIGHTS

- City of Wilmington's Governmental Fund's total revenues were greater than total expenditures, on the modified cash basis of accounting, by \$70,810.
- The City's General Fund ended the year with a balance of \$538,120, the Mobile Equipment Fund ended the year with a balance of \$168,895, the Capital Projects Fund ended the year with a balance of \$139,014, the Bond & Interest Fund ended the year with a balance of \$110,677, and overall, the City's governmental funds ended the year with a balance of \$1,308,196.
- Budgetary Comparison During the current year, the City's General Fund's expenditures were less than appropriations by \$1,470,631.
- Net Assets Governmental Net Assets increased \$2,558,761 from \$10,331,403 in 2012 to \$12,890,164 in 2013, Business-type Net Assets increased \$1,869,003 from \$8,370,849 in 2012 to \$10,239,852 in 2013. Overall, the City's financial position increased by \$4,427,764.

#### OVERVIEW OF THE FINANCIAL STATEMENTS

This Management's Discussion and Analysis is intended to serve as an introduction to the City of Wilmington's basic financial statements. The City of Wilmington's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplemental information in addition to the basic financial statements.

## Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the City of Wilmington's finances, in a manner similar to a private-sector business.

The Statement of Net Assets presents the City of Wilmington's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the City of Wilmington is improving or deteriorating. The Statement of Activities presents information showing how the government's net assets changed during the most recent fiscal year.

Both of the government-wide financial statements distinguish functions of the City of Wilmington that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities).

The governmental activities of the City of Wilmington include general government, public safety, street and public works, and debt services.

Management's Discussion and Analysis - Unaudited For the Year Ended April 30, 2013

## Fund Financial Statements

A fund is a group of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Wilmington, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories—governmental funds, proprietary funds, and fiduciary funds.

#### **Governmental Funds**

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on current sources and uses of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year.

The City maintains 7 governmental funds. Information is presented separately in the Governmental Funds Statement of Assets, Liabilities, and Fund Balance and in the Governmental Funds Statement of Revenues Received, Expenditures Disbursed, and Changes in Fund Balance for the General Corporate, Mobile Equipment, Capital Projects, and Bond and Interest Funds which are considered to be major funds. Data for the other 3 special revenue funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major funds is provided in the form of combining statements on pages 47-48 and individual fund statements on pages 49-51 of the Annual Financial Report.

#### **Proprietary Funds**

The City uses enterprise funds to account for its water, sewer & garbage operations. The proprietary fund financial statements provide separate information for the utility funds. The basic proprietary fund statements can be found on pages 14-16 of this report.

#### Fiduciary Funds

The City uses fiduciary funds to account for its Agency Funds and its Pension Trust Fund. Fiduciary Funds are used to account for resources held for the benefit of parties outside the City. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The Statement of Fiduciary Net Assets can be found on page 17, and the Statement of Changes in Fiduciary Net Assets can be found on page 18 of this report.

#### Notes to Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 19-40 of this report.

Management's Discussion and Analysis - Unaudited For the Year Ended April 30, 2013

## **Required Supplementary Information**

This Management's Discussion and Analysis, the General Fund Budgetary Comparison Schedule, the IMRF Schedule of Funding Progress, and the Police Pension Schedule of Funding Progress represent financial information required by GASB to be presented. Such information provides users of this report with additional data that supplements the government-wide statements, fund financial statements, and notes (referred to as "basic financial statements").

## Analysis of the City of Wilmington's Financial Position and Result of Operations:

The City of Wilmington remains in a stable position. Overall, the City had an increase in net assets of \$4,427,764 during the current fiscal year.

Governmental activities: Governmental activities had an increase in net assets of \$2,558,761 for the year ended April 30, 2013. Total governmental activity revenue increased by \$1,129,247. Revenues increased by approximately 17.5% primarily due to the Illinois Department of Transportation funding provided for the Illinois Route 53 improvements. Total governmental expenditures increased by \$682,204. Expenditures increased during the fiscal year due to capital projects and improvements to the City's infrastructure. On the Statement of Net Assets, capital purchases were capitalized rather than recorded as an expense on the Statement of Activities.

Business-type Activities: Net Assets from business-type activities increased by \$1,869,003. The increase is related to the water/sewer extension costs which were capitalized during the current year.

The table on page 7 provides a summary of the City's operations for year ended April 30, 2013 with comparative totals for year ended April 30, 2012.

#### Final Budget

The City adopts a formal budget after holding a public hearing. The budget and appropriations are legally adopted through the passage of an ordinance. All fund expenditures were in compliance with budgetary requirements during the current fiscal year.

### **Economic Factors**

Property tax revenues are capped under State of Illinois rules for non-home rule communities. No addition to property tax revenues is allowed beyond the increase in the rate of inflation and a percentage factor for new construction. The assessed valuation for the City decreased 4% over the prior year. While increasing revenues are an important part of the City's financial matters, stabilizing expenses continues to be equally important. Grant opportunities will also be researched.

## Contacting the City's Financial Management

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the City's finances. Questions concerning this report or requests for additional financial information should be directed to the City Administrator, City of Wilmington, 1165 S. Water Street, Wilmington, Illinois, 60481.

Management's Discussion and Analysis (Unaudited) For the Year Ended April 30, 2013

#### Net Assets--Modified Cash Basis

The City's combined net assets, resulting from modified cash basis transactions, increased from approximately \$18.7 million to \$23.1 million between fiscal years 2012 and 2013. Looking at the net assets of governmental and business-type activities separately, governmental activities and business-type activities experienced a significant increase during the current year related to improvements completed which were funded by grant revenues.

Net Assets of the City's governmental activities increased 24.8 percent to \$12.9 million.

Net assets of the City's business-type activities increased 22.3 percent to \$10.2 million.

Management's Discussion and Analysis (Unaudited) April 30, 2013

#### **Governmental Activities**

To aid in the understanding of the Statement of Activities, some additional explanation is given. The format is significantly different from the Statement of Revenues Received, Expenditures Disbursed, and Changes in Fund Balance. The expenses are listed in the first column, with revenues from that particular program reported to the right. The result is a net (expense)/revenue. This type of format highlights the relative financial burden of each of the functions on the City's taxpayers. It also identifies how much each function draws from the general revenues or if it is a self-financing program through fees and grants or contributions. All other governmental revenues are reported as general revenues. It is important to note that all taxes are classified as general revenue, even if restricted for a specific purpose.

For the year ended April 30, 2013, total expenses for governmental activities transactions amounted to \$5,036,633. Of these total expenses, taxpayers and other general revenues funded \$4,431,119 while those directly benefiting from the programs funded \$132,318 from fees and charges for services and \$3,031,957 from operating grants and contributions.

Notes to Financial Statements For the Year Ended April 30, 2013

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the City of Wilmington have been prepared on a prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the State of Illinois, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

Proprietary funds apply Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) opinions issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The most significant of the City's accounting polices are described below.

## A. Reporting Entity

The City's financial statements include the accounts of all City operations. The criteria for including organizations as component units within the City's reporting entity, as set forth in Section 2100 of GASB's Codification of Governmental Accounting and Financial Reporting Standards, include whether:

- the organization is legally separate (can sue and be sued in its own name)
- the City holds the corporate powers of the organization
- the City appoints a voting majority of the organization's board
- the City is able to impose its will on the organization
- the organization has a potential to impose a financial benefit/burden on the City
- there is a fiscal dependency by the organization on the City

Based on the aforementioned criteria, the City of Wilmington does not include any organizations as a component unit.

## B. Fund Accounting

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenue, and expenditures, or expenses, as appropriate. City resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the financial statements in this report, into six generic fund types and three broad fund categories as follows:

Notes to Financial Statements For the Year Ended April 30, 2013

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

## B. Fund Accounting – (Continued)

<u>Governmental Fund Types</u> - Governmental funds are those through which general governmental functions of the City are financed. The acquisition, use and balances of the City's expendable financial resources and related liabilities (except those accounted for in the proprietary funds) are accounted for through governmental funds. The City's governmental fund types include:

<u>General Fund</u> - The General Fund is the main operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The General Fund revenues include special revenues for social security, IMRF, police pension, tort, road & bridges, auditing and special street tax levies. The expenditures for these special purposes are included as General Fund expenditures. Expenditures for these special revenues normally exceed the related special revenues received.

<u>Special Revenue Funds</u> - Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes. The Mobile Equipment Fund is considered a major special revenue fund used for the purchase of vehicles and other mobile equipment.

<u>Capital Projects Funds</u> – The Capital Projects Fund is used to account for financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by proprietary funds and special assessment funds). The Capital Projects Fund is considered to be a major fund.

<u>Debt Service Funds</u> - Debt Service Funds are used to account for the accumulation of finances for, and payment of, general long-term debt principal, interest and related costs. The Bond & Interest Fund is the City's only Debt Service Fund. The fund balance of the Bond and Interest Fund is restricted to signify the amounts that are restricted exclusively for debt service expenses.

#### Proprietary Fund Types

<u>Enterprise Funds</u> - Enterprise Funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that costs (expenses including depreciation) of providing goods and services to the general public on a continuing basis be financed and recovered primarily through user charges.

Provision for depreciation, however, is recorded as a cost of the Water & Sewer Funds. Payments for principal retirement of revenue bonds are shown as a reduction in the principal balance, and payments for capital outlay are recorded as an addition to capital assets on the Statement of Fund Net Assets.

Notes to Financial Statements For the Year Ended April 30, 2013

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

B. Fund Accounting - (Continued)

Major Enterprise Funds are:

- 1. Water Operations Fund This fund is used to account for operations that are financed and operated in a manner similar to private business enterprises—where the intent of the City is that costs of providing goods and services to the general public on a continuing basis be financed and recovered primarily through user charges. This fund is used to account for water revenues and expenditures relating to water and garbage operations.
- 2. Water Capital Projects Fund This fund is used to account for water revenues and expenditures relating to the water expansion and new water mains.
- 3. Sewer Operations Fund This fund is used to account for sewer revenues and expenditures relating to the sewer operations.
- 4. Sewer Capital Projects Fund This fund is used to account for sewer revenues and expenditures relating to sewer expansion and improvements.
- 5. Water TP Rehab Fund This fund is used to account for construction of the new water treatment plan.

<u>Fiduciary Funds</u> - used to account for assets held by the City as an agent for individuals, private organizations, other governments and/or other funds.

Expendable trust funds are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. Fiduciary funds are not included in the government-wide financial statements.

<u>Trust and Agency Funds</u> - Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

The City of Wilmington's Police Pension Fund provides retirement benefits to police officers of the City. The Pension Plan Committee serves as the governing body and is comprised of three active members and two appointed members elected by the active officers. Currently there are three members receiving benefits. An audit of the City of Wilmington's Police Pension Fund can be obtained by contacting the City Clerk of the City of Wilmington.

Notes to Financial Statements For the Year Ended April 30, 2013

## NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

#### C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

All governmental funds are accounted for using the cash basis of accounting. Revenues are recognized when cash is received. Expenditures are recognized when checks are written. Proprietary funds are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when expenses are incurred.

Cash basis financial statements omit recognition of receivables and payables and other accrued and deferred items that do not arise from previous cash transactions.

## D. Capital Assets and Long-Term Liabilities

The accounting and reporting treatment applied to the capital assets and long-term liabilities associated with a fund are determined by its measurement focus. All governmental funds are accounted for on a spending or "financial flow" measurement focus. This means that only current assets and current liabilities are generally included on the balance sheets.

The reported fund balance (net current assets) is considered a measure of "available spendable resources." Governmental fund operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Depreciation is provided in amounts sufficient to relate costs of the depreciable assets to operations over their estimated service lives on the straight-line basis. A capitalization threshold of \$500 is used to report capital assets. The service lives by type of asset are as follows:

| Site Improvements     | 55 years  |
|-----------------------|-----------|
| Buildings             | 40 years  |
| Furniture & Equipment | 5-7 years |
| Vehicles              | 5-7 years |

#### E. Property Taxes

On the cash basis of accounting, property taxes are recognized as revenues when they are received. Property taxes are levied and attach as an enforceable lien on property on January 1 and are payable in two installments due on June 1 and September 1 subsequent to the year of levy.

Notes to Financial Statements For the Year Ended April 30, 2013

# NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (Continued)

## E. Property Taxes (Continued)

The 2011 property tax levy, in the amount of \$1,034,577, was received by the City in the current fiscal year. The 2012 property tax levy in the amount of \$1,110,190, reduced by statutory limitations to \$1,105,274 was approved by the board on December 18, 2012. The 2012 property tax levy will be received in the subsequent fiscal year.

## F. Budgets and Budgetary Accounting

These procedures are followed in establishing the budgetary data reflected in the financial statements.

During the first two months of the fiscal year, the City officials prepare the proposed budget and appropriation ordinance. The proposed appropriation ordinance is placed on file and a public hearing is conducted at a public meeting to obtain comments from the community. The appropriation ordinance uses the cash basis of accounting, which is the same basis that is used in financial reporting. This allows for comparability between budgeted and actual amounts.

Prior to July 31, the appropriation ordinance is legally adopted through passage of an ordinance. The 2013 appropriation ordinance was adopted on July 17, 2012 and was not amended. Transfers between line items of the appropriation must be approved by the City officials. All annual appropriations lapse at fiscal year end.

## G. Compensated Absences

Accumulated unpaid vacations and other employee benefit amounts are not accrued in governmental funds. Permanent full-time employees are eligible for vacation after one year of service. Permanent full-time employees are granted 12 sick days and 3 personal days (2 for employees not covered by union contract) each year. Upon termination, any earned but unused vacation shall be liquidated in a cash payment to the terminating employee. Employees shall be compensated in cash for any accumulated unused sick leave up to 120 days when they are permanently separated from employment.

## H. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. However, comparative (i.e., presentation of prior year totals by fund type) data have not been presented in each of the statements since their inclusion would make the statements unduly complex and difficult to read. Certain amounts from the prior fiscal year may have been reclassified to conform to the current year presentation.

Notes to Financial Statements For the Year Ended April 30, 2013

#### NOTE 2: CASH AND INVESTMENTS

Cash and cash equivalents, for reporting purposes, include bank accounts, petty cash and all short-term investments with a remaining maturity of three months or less when purchased, such as certificates of deposit. All amounts are stated at cost which approximates market value.

Permitted Deposits and Investments - Statutes authorize the City to make deposits/invest in commercial banks, savings and loan institutions, obligations of the U.S. Treasury and U.S. Agencies, obligations of States and their political subdivisions, credit union shares, repurchase agreements, commercial paper rated within the three highest classifications by at least two rating services, and the Illinois Public Treasurer's Investment Pool.

Separate bank accounts are not maintained for all City funds. Certain funds maintain their uninvested cash balances in a common checking account, with accounting records being maintained to show the portion of the common bank account balance attributable to each participating fund. Occasionally funds participating in the common bank account will incur overdrafts (deficits) in the account. The overdrafts result from expenditures which have been approved by the Board. Such overdrafts constitute unauthorized interfund loans, since they were not authorized by the City Council.

Custodial Credit Risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City's deposits and certificates of deposit are entirely covered by federal depository insurance (FDIC) or by securities held by the pledging financial institution. The FDIC currently insures the first \$250,000 of the City's deposits at each financial institution. Deposit balances over \$250,000 are collateralized with securities held by the pledging financial institution. As of April 30, 2013, the carrying amount of the City's deposits was \$90,658 (including \$800 petty cash) and the bank balance was \$203,669.

|             | Carryi | ng Amount_ | Bank Balance |
|-------------|--------|------------|--------------|
| Category #1 | \$     | -          | -            |
| Category #2 |        | -          | •            |
| Category #3 |        | 90,658     | 203,669      |
| Total       | \$     | 90,658     | 203,669      |

Category #1 - Uncollateralized;

Category #2 - Collateralized with securities held by the pledging financial institution;

Category #3 - Collateralized with securities held by the pledging financial institution's trust department or agent but not in the depositor-government's name.

Notes to Financial Statements For the Year Ended April 30, 2013

# NOTE 2: <u>CASH AND INVESTMENTS</u> – (Continued)

Investments include United States government obligations valued at cost, adjusted for amortization of premium and discounts, which approximates market. Also, investments include basic fixed coupon repurchase agreements which are stated at cost which approximates market.

State statutes, city bond ordinances and city resolutions authorize the City's investments. The City is authorized to invest in U.S. Government obligations and its agencies or instrumentalities, collateralized mortgage obligations directly issued by a federal agency or instrumentality, obligations of any state or political subdivision of any state rated within the four highest general classifications established by a nationally recognized rating service, money market mutual funds registered under the Investment Company Act of 1940 that invest in allowable securities and fully collateralized repurchase agreements.

Investments- the City invested in The Illinois Funds and Illinois Institutional Investors Trust. The Illinois Funds are duly chartered and administered by the State Treasurer's Office and the portfolio normally consist of U.S. T-Bills, T-Notes, collateralized certificates of deposit, and repurchase agreements and is not subject to being categorized. The IIIT Funds portfolio of securities, which include mutual funds, are managed discretely by PFM Assets Management LLC. The City records all interest revenue earned from investment activities in the respective funds.

|                | Carr | ying Amount | Bank Balance |
|----------------|------|-------------|--------------|
| Illinois Funds | \$   | 2,094,146   | 2,089,845    |
| IIIT Funds     |      | 300,006     | 300,006      |
| Total          | \$   | 2,394,153   | 2,389,851    |

# NOTE 3: PERSONAL PROPERTY REPLACEMENT TAX

The Personal Property Replacement Tax represents an additional State of Illinois income tax on corporations (certain utilities), trusts, partnerships, and Subchapter S corporations and a new tax on the invested capital of public utilities providing gas, communications, electrical and waste services.

Notes to Financial Statements For the Year Ended April 30, 2013

NOTE 4: <u>CAPITAL ASSETS</u>

A summary of changes in capital assets follows:

| Balance  |  | Beginning  |                           |            |           | Ending     |            |
|--|--|--|---------------------------|------------|-----------|------------|------------|

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 5: CHANGE IN LONG-TERM DEBT OBLIGATIONS - (Continued)

On December 1, 2011, the City of Wilmington issued \$143,724 of General Obligation Limited Bonds, Series 2010 at an interest rate of 2.5%. The entire balance, including interest, was paid on December 15, 2012.

On November 15, 2012, the City of Wilmington issued \$149,000 of General Obligation Limited Bonds, Series 2012 at an interest rate of 1.5%. Interest is due on December 15, 2013. The entire principal will be paid on December 15, 2013. At April 30, 2013, the outstanding balance was \$149,000.

#### IEPA Loan

On May 24, 2007, the City of Wilmington signed an agreement with the State of Illinois Environmental Protection Agency for a loan from the State's Water Revolving Fund. The loan, in the amount of \$13,597,663, payable over twenty (20) years at a 2.5% simple annual interest rate, with semi-annual repayments with the first repayment due July 1, 2009 and the final repayment due January 1, 2029, is to be used for construction of a waste water plant under the provision of the State of Illinois Environmental Protection Act. At April 30, 2013, the loan had an outstanding balance of \$11,321,084.

On February 2, 2012, the City of Wilmington signed an agreement with the State of Illinois Environmental Protection Agency for a loan from the State's Water Revolving Fund. The loan, in the amount of \$650,000 (with 25% forgiveness, for a net payback of \$487,500), payable over twenty (20) years at a 1.25% simple annual interest rate, with semi-annual repayments with the first repayment due August 6, 2012 and the final repayment due August 6, 2032, is to be used for construction of a waste water plant under the provision of the State of Illinois Environmental Protection Act. At April 30, 2013, the loan had an outstanding balance of \$629,352.

### NOTE 6: INDIVIDUAL FUND DISCLOSURES

During the course of normal operations, the City has numerous transactions between funds including expenditures and transfers of resource primarily to provide services. The governmental and proprietary type funds financial statements generally reflect such transactions as transfers if interfund. The internal service funds record charges for service to City departments as operating revenue.

All City funds record these payments to internal service funds as operating expenses. The proprietary funds record operating subsidies as other income whereas the fund paying the subsidy records it as either an expenditure or transfer.

At April 30, 2013, there were no individual interfund receivable or payable balances.

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 6: INDIVIDUAL FUND DISCLOSURES - (Continued)

The transfers represent both routine and non-routine items. A transfer of \$9,566 was made from the Water Operations Fund to the Water Capital Projects Fund for improvements for capital projects. A transfer of \$30,000 was made from the ESDA Fund and \$20,000 from the Capital Projects Fund to the Mobile Equipment Fund for the purchase of vehicles/equipment. A transfer of \$298,082 was made from the Water Capital Projects Fund to the Sewer Capital Projects Fund as reimbursement for an expense previously paid. A \$6,000 transfer was made from the General Fund to the Motor Fuel Tax (MFT) Fund for a reimbursement received by the General Fund for expenditures paid by the MFT Fund.

All other transfers were routine transfers made to meet the operating purposes of the corresponding funds.

### NOTE 7: RISK MANAGEMENT

The City is exposed to various risks related to torts; theft of, damage to and destruction of assets, errors and omissions and natural disasters. The City is a member of the Illinois Public Risk Fund (IPRF) to provide workers' compensation coverage. The IPRF was created to establish an intergovernmental joint insurance pool providing for the defense and payment when due of all compensation and other benefits under the Illinois Workers' Compensation Act and the Illinois Workers' Occupational Diseases Act, on behalf of public agency members, and other units of local government and public entities within the State of Illinois which may become eligible for membership from time to time according to the bylaws. During the year ended April 30, 2013, the City contributed \$100,642 to the fund for this insurance coverage. Arthur J. Gallagher (RMS Inc.) provides insurance brokerage services to the City. Argonaut is the General Liability Insurance provider. During the year ended April 30, 2013, the City paid \$118,710 for general liability insurance. There have been no significant reductions in coverage from the prior year. Since there have been no settlements, they have not exceeded coverage in the past three years. The City also made payments totaling \$34,029 to the Illinois Municipal League Risk Management Association, the City's previous insurance provider.

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 7: PARTICIPATION IN PUBLIC ENTITY RISK POOL - (Continued)

Flood insurance, computer coverage, and boiler and machine coverage are under separate policies supplied by Traveler's Insurance. The City's flood insurance premiums paid totaled \$1,746 for the year ended April 30, 2013.

The City's risk management activities are recorded in the General, Water, and Sewer Funds. Property and liability, workers' compensation, and unemployment insurance programs of the City are recorded in these funds.

There were no significant reductions in insurance coverage from the prior year. Also, there have been no settlement amounts which have exceeded insurance coverage in the past three years.

#### **NOTE 8: CONTINGENCIES - LITIGATION**

The City is a party to various legal proceedings which normally occur in governmental operations. The attorneys did not report any loss contingencies in these cases.

There is a lawsuit against the City by two former employees for severance pay. On July 18, 2012, the court entered a judgment order against the City. However, the attorney filed a motion for a new trial and reconsideration of the judgment.

### NOTE 9: ILLINOIS MUNICIPAL RETIREMENT FUND (IMRF)

<u>Plan Description</u> - The employer's defined benefit pension plan for Regular employees provides retirement and disability benefits, post retirement increases, and death benefits to plan members and beneficiaries. The employer plan is affiliated with the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer plan. Benefit provisions are established by statute and may only be changed by the General Assembly of the State of Illinois. IMRF issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained on-line at <a href="https://www.imrf.org">www.imrf.org</a>.

<u>Funding Policy</u> - As set by Statute, your employer Regular plan members are required to contribute 4.50 percent of their annual covered salary. The Statute requires employers to contribute the amount necessary, in addition to member contributions, to finance the retirement coverage of its own employees. The employer annual required contribution rate for calendar year 2012 was 12.89 percent. The employer also contributes for disability benefits, death benefits and supplemental retirement benefits, all of which are pooled at the IMRF level. Contribution rates for disability and death benefits are set by the IMRF Board of Trustees, while the supplemental retirement benefits rate is set by Statute.

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 9: ILLINOIS MUNICIPAL RETIREMENT FUND (IMRF) - (Continued)

Annual Pension Cost - The required contribution for calendar year 2012 was \$158,723.

### Three-Year Trend Information for the Regular Plan

| Calendar   | Percentage |             |             |             |
|------------|------------|-------------|-------------|-------------|
| Year       | Ann        | ual Pension | of APC      | Net Pension |
| Ending     | C          | ost (APC)   | Contributed | Obligation  |
| 12/31/2012 | \$         | 158,723     | 100%        | \$0         |
| 12/31/2011 |            | 155,601     | 100%        | 0           |
| 12/31/2010 |            | 159,531     | 100%        | 0           |

The required contribution for 2012 was determined as part of the December 31, 2010, actuarial valuation using the entry age normal actuarial cost method. The actuarial assumptions at December 31, 2010, included (a) 7.5 percent investment rate of return (net of administrative and direct investment expenses), (b) projected salary increases of 4.00% a year, attributable to inflation, (c) additional projected salary increases ranging from 0.4% to 10% per year depending on age and service, attributable to seniority/merit, and (d) post retirement benefit increases of 3% annually. The actuarial value of your employer Regular plan assets was determined using techniques that spread the effects of short-term volatility in the market value of investments over a five-year period with a 20% corridor between the actuarial and market value of assets. The employer Regular plan's unfunded actuarial accrued liability at December 31, 2010 is being amortized as a level percentage of projected payroll on an open 30 year basis.

<u>Funded Status and Funding Progress</u> - As of December 31, 2012, the most recent actuarial valuation date, the Regular plan was 74.13 percent funded. The actuarial accrued liability for benefits was \$2,716,848 and the actuarial value of assets was \$2,013,960, resulting in an under funded actuarial accrued liability (UAAL) of \$702,888. The covered payroll for calendar year 2012 (annual payroll of active employees covered by the plan) was \$1,231,366 and the ratio of the UAAL to the covered payroll was 57 percent.

The Schedule of Funding Progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 10: POLICE PENSION

The Police Pension Plan that is a defined-benefit, single employer pension plan, covers police-sworn personnel of the City.

#### Actuarially Determined Tax Levy

Percent of employer normal costs to total annual salaries of \$852,062 is 11.36%

Percent of total normal costs to total annual salaries of \$852,062 is 21.27%

Amount necessary to amortize the unfunded accrued liability of \$2,635,851 as determined by the State of Illinois, Department of Financial and Professional Regulation over a forty year period which commenced in 1998 as contemplated by section 3-127 of the Illinois Pension Code.

\$113,166

Total suggested amount of tax levy to arrive at the annual requirements of the fund as contemplated by Section 3-125 of the Illinois Pension Code.

\$ 230,523 \*

\* The above figure is the suggested amount which should be obtained by the fund from the municipality exclusive of any other items of income, such as, interest on investments, contributions from participants, etc. These items have already been taken into consideration in arriving at this amount.

Police-sworn personnel of the City of Wilmington are covered by the Police Pension Plan that is a defined-benefit, single employer pension plan.

Employees participating are required to contribute 9.91% of their annual covered salary. The member rate is established by state statute. The City is required to contribute at an actuarially determined amount.

| Actuarial Assumptions: Investment Rate of Return* Projected Salary Increases* Aggregate Payroll Increases *Inflation Rate Included | 7.00%<br>5.50%<br>5.50%<br>3.00% | 7.00%<br>5.50%<br>5.50%<br>3.00% |

Actuarial assumptions are based upon per year compounded annually.

The contributions and benefit values of the Pension Fund are calculated applying actuarial assumptions to the benefit provisions and census information furnished, using the actuarial cost methods described. The actuarial cost and amortization method allocates the projected obligations of the plan over the working lifetimes of the plan participants.

The recommended contribution is based on the funding policy for the plan. A funding policy has three key numerical components:

- The Actuarial Cost Method The actuarial cost method budgets a contribution for each year
  of an employee's working career. Cash contributions are made according to the budget
  ("normal cost" contributions). In addition the actuarial cost method can measure how well
  the funding is progressing compared to the budgeted contributions.
- 2. Amortization Policy When plan funding is not where expected (according to budget), procedures are put into place to pay down any shortfall. This leads to a second piece of the cash contribution (the "amortization payment").
- 3. Actuarial Value of Assets Fluctuations in the plan assets due to short-term gains and losses may be smoothed over some period of time to minimize long-term contribution volatility.

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 10: POLICE PENSION - (Continued)

The attained age at the time of disability or retirement, sex, annual salary or pension, and completed years of service of each individual participant as of the date of the valuation balance sheet is used in calculating the liabilities of the fund. The actuarial assumptions used in determining the above amounts are based on all of the Article 3 Funds in the State of Illinois in Aggregate, not on each fund individually. The fund specific information used in the production of this document was provided to the Illinois Department of Financial and Professional Regulation by your pension fund board of trustees through the fund's annual statement of filing.

### NOTE 11: MOTOR FUEL TAX ALLOTMENTS

Under current procedures, the allotments to the City are being received from the State of Illinois each month. These allotments, however, may be expended only for specific projects that have been approved by the Department of Transportation, State of Illinois.

### NOTE 12: DEFERRED COMPENSATION PLAN

The City offers its fulltime employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan is administered by the International City Management Association Retirement Corporation (ICMARC). The plan, available to all employees, permits them to defer a portion of their salary until future years.

As a result of legislative changes, all amounts of compensation deferred, all property and rights purchased, and all income, property, or rights are (until paid or made available to the employee or other beneficiary) held in trust for the exclusive benefit of the participants and their beneficiaries, whereas prior to these legislative changes, these amounts were solely the property rights of the City general creditors. As a result, the deferred compensation investments are no longer reported in the City's financial statements.

### NOTE 13: TOWER AND LAND LEASE REVENUE

The City entered into an agreement with the PrimeCo and American Tower, L.P.. PrimeCo and American Tower, L.P. leases property (a portion of the Tower located at 511 North Ave.) from the City. The lease is for \$10,368 per year for 5 years with an option to extend the lease. The City entered into an agreement with T-Mobile Central LLC. T-Mobile leases property from the City in the amount of \$15,000 per year for 5 years with an option to extend the lease for an additional 5 years. The City entered into a lease agreement with the Wilmington Junior Football and Cheerleading League to use the land located at 845 Widows Road for an annual payment of a \$1.

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 14: LEASE OBLIGATIONS

Notes to Financial Statements For the Year Ended April 30, 2013

### NOTE 16: OTHER POSTRETIREMENT BENEFITS OTHER THAN PENSIONS

GASB Statement No. 45 – Accounting and Financial Reporting by Employers for Postretirement Benefits Other Than Pensions. Projections of benefits for financial reporting purposes are based on a given plan and include the benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. As of April 30, 2013, the City has adopted a plan in which the City allows retired employees to participate in the City's health insurance plan. Retirees are allowed to participate in the plan until reaching the age of 65. The City agrees to provide this insurance coverage at 100% of the premium cost to retirees.

### NOTE 17: FUND BALANCE - GASB 54 PRESENTATION

According to Government Accounting Standards, fund balances are to be classified into five major classifications: Non-spendable Fund Balance, Restricted Fund Balance, Committed Fund Balance, Assigned Fund Balance, and Unassigned Fund Balance. Below are definitions of the differences and a reconciliation of how these balances are reported.

|  | Non-spe | ndable _                        | Committed                    | Assigned | Restricted  | Unassigned                                 | Total Fund<br>Balance   |
|--|---------|---------------------------------|------------------------------|----------|---|--|---|
| General Fund: Fraployer IMRF Contributions Payroll Taxes General & Administrative Mobile Equipment Fund Capital Projects Fund Bond & Interest Fund ESDA Fund Motor Fuel Tax Fund Ridgeport TIF #2 Fund | \$      | -<br>-<br>-<br>-<br>-<br>-<br>- | 168,895<br>139,014<br>-<br>- | 84,609   | 56,331<br>33,517<br>-<br>110,677<br>30,895<br>234,450<br> | -<br>-<br>448,272<br>-<br>-<br>-<br>-<br>- | 56,331<br>33,517<br>448,272<br>168,895<br>139,014<br>110,677<br>115,504<br>234,450<br>1,536 |
| Total All Funds  | \$      | *                               | 307,909                      | 84,609   | 467,406   | 448,272                                    | 1,308,196   |

### A. Non-spendable Fund Balance

The non-spendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) legally or contractually required to be maintained intact. The "not in spendable form" criterion includes items that are not expected to be converted to cash, for example inventories and prepaid amounts.

Notes to Financial Statements For the Year Ended April 30, 2013

#### NOTE 17: FUND BALANCE - GASB 54 PRESENTATION - (Continued)

#### B. Restricted Fund Balance

The restricted fund balance classification refers to amounts that are subject to outside restrictions, not controlled by the entity. Things such as restrictions imposed by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. Debt Service Funds are by definition restricted for these specified purposes. The City has several different funds that also fall into these categories.

#### C. Committed Fund Balance

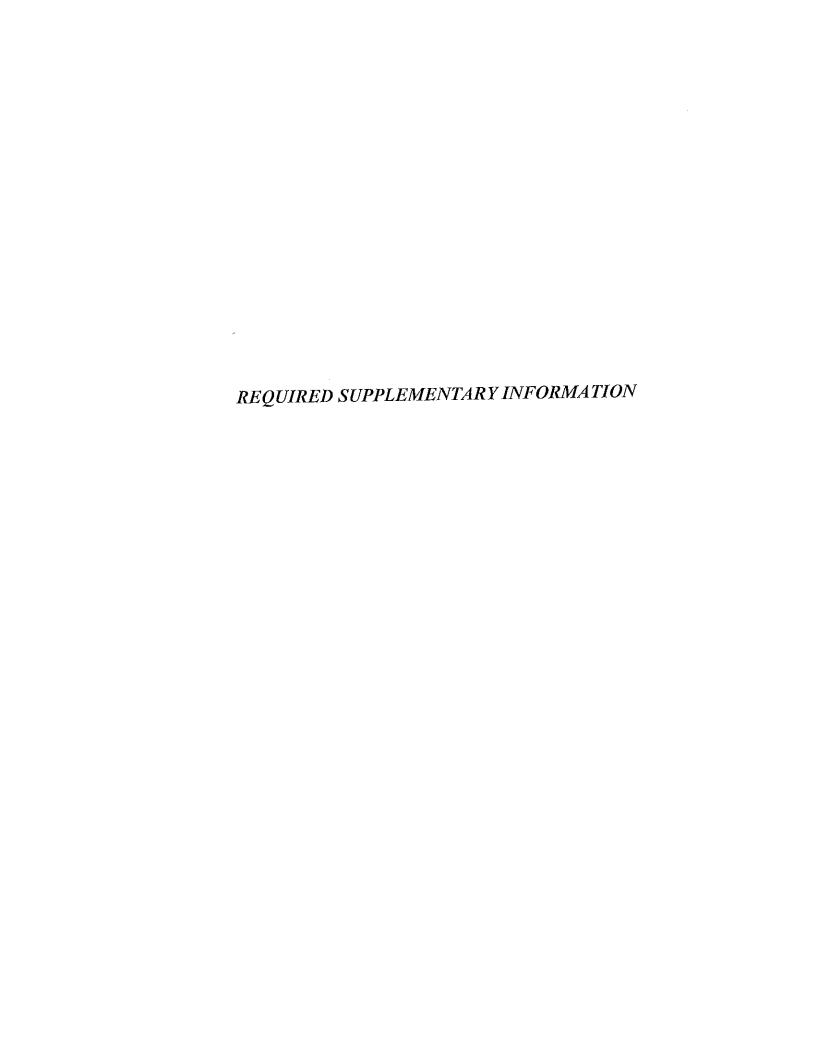

The committed fund balance classification refers to amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision making authority (the City Board). Those committed amounts cannot be used for any other purpose unless the government removes or changes the specified use by taking the same type of formal action it employed to previously commit those amounts.

### D. Assigned Fund Balance

The assigned fund balance classification refers to amounts that are constrained by the government's intent to be used for a specific purpose, but are neither restricted nor committed. Intent may be expressed by (a) the City Board itself or (b) the finance committee or by the Treasurer/Administrator when the City Board has delegated the authority to assign amounts to be used for specific purposes.

### E. Unassigned Fund Balance

The unassigned fund balance classification is the residual classification for amounts in the General Funds for amounts that have not been restricted, committed, or assigned to specific purposes within the General Funds.

# Report on Internal Control over Financial Reporting and On Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

To the Honorable Mayor and Board of Commissioners City of Wilmington, Illinois

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wilmington, Illinois, as of and for the year ended April 30, 2013, and the related notes to the financial statements, which collectively comprise the City of Wilmington, Illinois' basic financial statements, and have issued our report thereon dated August 6, 2013.

### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City of Wilmington, Illinois' internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Wilmington, Illinois' internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Wilmington, Illinois' internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies and therefore, material weaknesses and significant deficiencies may exist that were not identified. However, as described in the accompanying schedule of findings and questioned costs, we identified certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings – significant deficiencies to be a significant deficiency.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Wilmington, Illinois' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

### City of Wilmington, Illinois' Response to Findings

The City of Wilmington, Illinois' response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. The City of Wilmington, Illinois' response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

We noted certain matters that we reported to management of the City of Wilmington, Illinois, in a separate letter dated August 6, 2013.

### Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Mack & Associates, P. C.

Mack & Associates, P.C. Certified Public Accountants

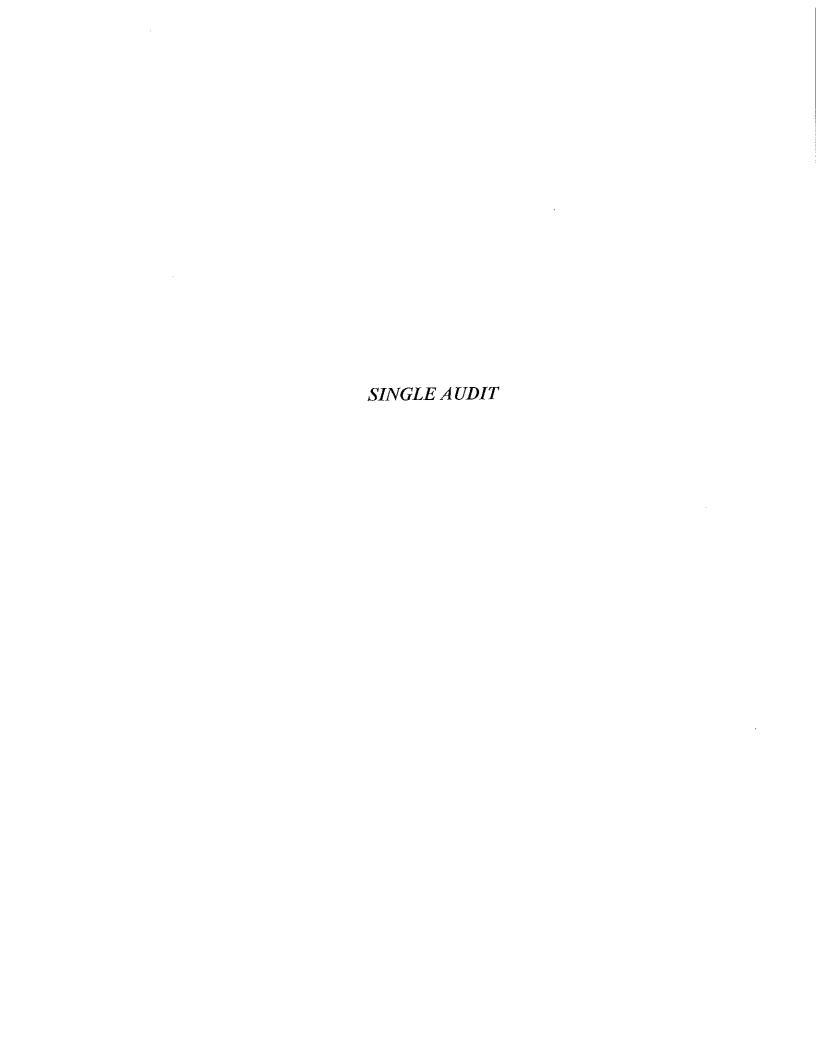

Morris, Illinois August 6, 2013

Schedule of Findings – Significant Deficiencies For the Year Ended April 30, 2013

### Finding 2013-1: Schedule of Expenditures of Federal Awards – Significant Audit Adjustments

The City's financial personnel do not have sufficient financial reporting and accounting knowledge to perform a review of the City's schedule of expenditures of federal awards and there are not processes, procedures and controls related to financial reporting to provide a high level of assurance that any potential material omissions or other errors would be identified and corrected.

The City was awarded a Highway Planning and Construction grant which included a federal share of \$1,894,510 and state share of \$195,800. The Illinois Department of Transportation received the funds and completed the construction of the construction project on-behalf of the City. These funds were not recognized on the City's accounting records. An adjusting journal entry was recorded to include both the grant revenue and construction expenditures.

# Independent Auditors' Report on Compliance with Requirements That Could Have a Direct and Material Effect on Each Major Program and On Internal Control Over Compliance in Accordance with OMB Circular A-133

To the Honorable Mayor and Board of Commissioners City of Wilmington, Illinois

#### Report on Compliance for Each Major Federal Program

We have audited the City of Wilmington, Illinois compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the City of Wilmington, Illinois' major federal programs for the year ended April 30, 2013. The City of Wilmington, Illinois' major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

### Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Wilmington, Illinois' major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Wilmington, Illinois' compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of City of Wilmington, Illinois' compliance.

### Opinion on Each Major Federal Program

In our opinion, the City of Wilmington, Illinois, complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended April 30, 2013.

#### Other Matters

The results of our auditing procedures disclosed no instances of noncompliance, which are required to be reported in accordance with OMB Circular A-133 in the accompanying schedule of findings and questioned costs.

### Report on Internal Control Over Compliance

Management of the City of Wilmington, Illinois, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Wilmington, Illinois' internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Wilmington, Illinois' internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be material weaknesses and significant deficiencies.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal over compliance described in the accompanying schedule of findings and questioned costs to be a significant deficiency.

The City of Wilmington, Illinois' response to internal control over compliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. City of Wilmington, Illinois' response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Notes to the Schedule of Expenditures of Federal Awards For the Year Ended April 30, 2013

### NOTE A: BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards presents total federal awards expended for each individual federal program in accordance with OMB Circular A-133, Audits of States, *Local Governments and Non-Profit Organizations*. Federal award program titles are reported as presented in the Catalog of Federal Domestic Assistance (CFDA).

The schedule includes the federal grant activity of the City of Wilmington, Illinois and is presented using the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Accordingly, revenues are recognized and recorded in the accounts when earned. In the same manner, expenditures are recognized and recorded when incurred.

### NOTE B: SUBRECIPIENTS

The City of Wilmington, Illinois did not provide federal awards to sub recipients.

### NOTE C: <u>ADMINISTRATIVE AGENT</u>

For the purposes of the DFC Grant Program, the City of Wilmington is an agent that is serving as the grantee on behalf of the Wilmington Coalition for a Healthy Community.

Schedule of Findings and Questioned Costs For the Year Ended April 30, 2013

### A. SUMMARY OF AUDITORS' RESULTS

- 1. The Independent Auditors' Report expresses an unqualified opinion on the primary government's financial statements of the City of Wilmington, Illinois.
- 2. A significant deficiency relating to the audit of the general government's financial statements is reported in the Report on Compliance and on Internal Controls Over Financial Reporting Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards. Refer to finding 2013-1 on page 75.
- 3. No instances of noncompliance material to the general government's financial statements of the City of Wilmington, Illinois were disclosed during the audit.
- 4. The Independent Auditors' Report on Compliance for the major federal award programs for the City of Wilmington, Illinois expresses an unqualified opinion.
- 5. The programs tested as major programs include the Capitalization Grants for Drinking Water State Revolving Funds, CFDA 66.468 & 66.458, Community Development Block Grants, CFDA 14.228, and Illinois Department of Transportation Highway Planning and Construction, CFDA 20.205.
- 6. The threshold for distinguishing Types A and B programs was \$300,000.
- 7. The City of Wilmington, Illinois was not determined to be a low-risk auditee.

Schedule of Findings and Questioned Costs For the Year Ended April 30, 2013

### B. FINDINGS - FINANCIAL STATEMENTS AUDIT

### Finding 2013-1: Schedule of Expenditures of Federal Awards – Significant Audit Adjustments

The City's financial personnel do not have sufficient financial reporting and accounting knowledge to perform a review of the City's schedule of expenditures of federal awards and there are not processes, procedures and controls related to financial reporting to provide a high level of assurance that any potential material omissions or other errors would be identified and corrected.

The City was awarded a Highway Planning and Construction grant which included a federal share of \$1,894,510 and state share of \$195,800. The Illinois Department of Transportation received the funds and completed the construction of the construction project on-behalf of the City. These funds were not recognized on the City's accounting records. An adjusting journal entry was recorded to include both the grant revenue and construction expenditures.

# C. FINDINGS AND QUESTIONED COSTS - MAJOR FEDERAL AWARD PROGRAMS AUDIT

There were no findings and questioned costs for federally funded programs for the fiscal year ended April 30, 2013.

Summary Schedule of Prior Year Audit Findings For the Year Ended April 30, 2013

There are no prior year findings that affected federally funded programs.

August 6, 2013

To the Honorable Mayor and City Council City of Wilmington, Illinois

In planning and performing our audit of the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Wilmington as of and for the year ended April 30, 2013, in accordance with auditing standards generally accepted in the United States of America, we considered the City's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We did not identify any deficiencies in internal control that we consider to be material weaknesses.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies identified in the attached memorandum in the City's internal control to be significant deficiencies.

The attached memo also describes other comments and suggestions regarding the City's internal controls which were not determined to be significant deficiencies.

This communication is intended solely for the information and use of management, the Mayor and members of the City Council, and others within the organization, and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Mack & Associates, P.C.

Mack & Associates, P.C. Certified Public Accountants

### Significant Deficiencies:

# Finding 2013-1: Schedule of Expenditures of Federal Awards – Significant Audit Adjustments

The City's financial personnel do not have sufficient financial reporting and accounting knowledge to perform a review of the City's schedule of expenditures of federal awards and there are not processes, procedures and controls related to financial reporting to provide a high level of assurance that any potential material omissions or other errors would be identified and corrected.

The City was awarded a Highway Planning and Construction grant which included a federal share of \$1,894,510 and state share of \$195,800. The Illinois Department of Transportation received the funds and completed the construction of the construction project on-behalf of the City. These funds were not recognized on the City's accounting records. An adjusting journal entry was recorded to include both the grant revenue and construction expenditures.

#### Other Comments:

### Comment 2013-1: Budget formulas incorrect

Not all subtotals equal the sum of the individual amounts shown on the appropriation ordinance.

#### Recommendation:

Formulas should be reviewed in the budget to ensure all individual accounts are included in totals.

#### Comment 2013-2: Bank Reconciliations

Bank reconciliations are performed for each individual bank account, but are not reconciled with the City's accounting system. A discrepancy of \$4,310 was recognized when reviewing the bank reconciliations.

#### Recommendation:

Reconciliation discrepancies should be reviewed and corrected.

#### Comment 2013-3: Motor Fuel Tax

The State has not reconciled the Motor Fuel tax account for multiple years. As a result, the City has expended funds that were not shown as authorized by the State. The bank balance of the cash account is \$234,450, but the State shows an unobligated balance of \$423,518.

#### Recommendation:

Motor fuel tax expenditures are restricted and must be approved by the Illinois Department of Transportation prior to applying the funds. The City should reconcile the outstanding items to the State records reported on the Illinois Department of Transportation's online database to ensure only authorized funds are used.

#### Comment 2013-4: Transfers not Reconciled

The City's transactions included a significant amount of interfund transfers. The City did not perform a reconciliation which disclosed the amounts and reason for all interfund activity.

#### Recommendation:

The City must implement procedures to both reconcile and disclose the reasons for all interfund activity.

### Comment 2013-5: Significant Audit Adjustments

During the course of our audit, we posted adjustments that had a material effect on the City's financial statements. A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis.

#### Recommendation:

The City must implement procedures to better prevent or detect misstatements on a timely basis.
