Notification: Boil Order Lifted

Date: January 30, 2024

Time: 8:30 AM

Location: Citywide including Lakewood Shores

The citywide Boil Order put into effect on January 26th has been lifted. Residents serviced by the City of Wilmington, including Lakewood Shores, are now safe to consume water without prior boiling.

The Boil Order was implemented as a precautionary measure due to recent flooding of the Kankakee River. We appreciate your patience and understanding during this period.

Once flood levels decreased, there was no evidence any flood water contaminated the City's water supply. To be extra cautious, we proceeded to have the water tested. All samples have passed per Environmental Protection Agency standards. The City will provide updates on the status of the Boil Order lift through area signage, social media, and various media outlets including the Will County Alert System.

For questions or additional information, please feel free to contact the City of Wilmington Public Works Department at (779) 801-2127.

Thank you again for your patience and cooperation.

Sincerely,

James Gretencord III

Director of Public Works

City of Wilmington
